10 YEARS OF EUROPEAN SOCIETY OF ONCOLOGY PHARMACY

29 TH-30TH JANUARY 2010

HAMBURG

The image shows four mannequins dressed in traditional Croatian folk costumes, displayed in a museum setting. The mannequins are arranged in a line, facing right. The costumes are highly detailed and colorful, featuring intricate embroidery and traditional patterns. The background is a dark, textured wall, possibly made of stone or wood. The text 'CROATIA' and 'HRVATSKA' is overlaid in large, bold, yellow letters. Below this, the name 'Vesna Pavlica, PhD' and her title 'Head of pharmaceutical department' are also in yellow. The text 'Clinic for tumours' and 'Zagreb' is in white. The overall scene is a museum display of traditional Croatian folk costumes.

Section for Hospital Pharmacy of the
Croatian Pharmaceutical Society.

YEAR:2008

In 2008 the Health Ministry adopted the decision on the Specialization in Clinical Pharmacy-Hospital Pharmacies. Within this specialization, students get educated in clinical oncology and the practice of oncology pharmacy

A great success!!!

YEAR:2009

For the purpose of full coordination of our work with the Ministry of Health, the profession and legal provisions, we established a working body titled 'The Commission on Oncology Pharmacy' at the Croatian Pharmacists' Chamber with the following members: Mirjana Canjuga, Višnja Kopecki, Maja Koroman, Tihana Govorčinović (representing private and public pharmacies) and Vesna Pavlica (President).

The main task is to produce a set of regulations within the framework of the Law on the Safety at Workplace, which will be harmonized with QUAIPOS and the EU legal provisions.

We would not and could not have achieved this without the **selfless help and support** of two **great individuals** and **humanitarians** who spared no effort to make this dream come true.
